

## Theme nights & unforgettable dining experiences at Amàre Beach Hotel Marbella

Category: **Hotel** Published: Thursday, 19 July 2018 15:00

### Latin inspired theme nights set to delight guests this summer

Guests at Amàre Beach Hotel Marbella are in for an authentic Latin treat this summer with the arrival of Beach Flamenco and Cuban theme nights. Each week, audiences will be treated to an evening full of unique surroundings, unforgettable experiences and magnificent live shows.

Every Friday, Amàre Beach Hotel Marbella will alternate between Beach Flamenco and Cuban nights. Starting on 13th July with a Flamenco show, guests are delighted with an enchanting live show and dinner. Each night will include fantastic dancers and performers, leaving guests raring to join in. Tickets cost £40 and include the show and dinner.

It's not just the theme nights adding a Latin flare to the hotel. Hayaca restaurant will be serving up Latin-inspired delights all summer long. After all that dancing, guests can head on up to the only rooftop bar in Marbella with 360 degree views. Admire the stunning landscapes, with views reaching as far as Morocco on a clear day, with a tropical cocktail in hand. The house-cocktail, Amàre Mexican Mojito, is the perfect refreshing drink, comprising tequila, mint, cinnamon, lime juice and soda. As the sun sets into the Mediterranean, there really is no better way to end your night.

Following the successful opening of Marbella's first Latin American dining concept, Hayaca, the hotel has transformed into a haven for Latin lovers. From 15th June to 15th September Michelin-starred chef Mauricio Giovanini is serving up delectable fusion flavours from Cuba to Brazil. Kick off your gastronomic journey through his original and delicious cuisine that uses local products, modern versions of classic dishes and recipes with their own identity. Why not try sea bass ceviche, or the freshest catch of the day marinated in Latin spices and served with coconut rice.

The décor and vibe is unmistakable with colourful long benches, vibrant cushions and table linen, tropical greenery and cacti, wicker baskets and chairs. Guests can relax while swaying to the sound of the best Latin beats and enjoy the picture postcard views.

Reached in just two and a half hours from the UK with daily flights to Malaga Airport and a 45-minute car transfer to the hotel, and with daytime temperatures exceeding 20°C from April to October, Amàre Marbella is your perfect short haul break for guaranteed sun, sea and style in 2018.

Nightly rates start from £200 in an 'I Was Here' room on a bed and breakfast basis including complimentary daily sunbeds, use of the Technogym and WiFi.
